

5.4m

## OUTDOOR SIGNAGE

### Outdoor Portable Flag Pole

Huge massive outdoor display system that you can pick up and move anywhere. Usually something this size requires concrete and steel. Not this unit.

5.4m high yet only weighs 20kg. The giant 5.4m aluminium pole sits in a water base and is stabilised with extra support poles that attach to the outside of the base. We will print your message onto tough durable outdoor material.

### Marquees and Printed Canopies

Great for those outdoor events that require shelter from the elements. Goes up in two minutes and packs nicely into a bag. Colors include white, black, green, red, blue and yellow. Print your logo on top!!! Walls also available.

Sizes 3m x 3m and 3m x 6m.

### Customised Flags and Outdoor Vinyl Banners

Trilateral flags printed to your requirements. Standard 1.8m x 900mm size or order other sizes to suit you. Finished to attach to flag poles-digital or screen printed. Volume discounts apply.

Budget priced outdoor vinyl signage. Up to 2m width by any length you like. Attach to fences with eyelets and rope. Star pickets can also be used to fix your banners into place.
